

# 2ND ANNUAL COMMUNITY GEMS CELEBRATION

Community Performance Groups • Buffet • Children's Activity Rooms

Saturday, December 3, 2005

UMass Boston, Campus Center, Ballroom

6:00 - 10:00 p.m.

**Our Youth, Our Families, Our Legacy**

“The Community Gems program is one of the most important collaborative projects in Black Boston's History.” - **Hubie Jones**

“Community Gems is simply the best family-oriented event there is. While I'm glad it raises money for worthy organizations, I am even happier that it's not another sit down dinner with long speeches and endless awards. Instead, it's an interactive evening of different [activities] geared for every age group.” - **David Wright, Black Ministerial Alliance**

“Community Gems is a shining example of community-based organizations with a shared vision entering true partnership. They realized the simple goal of increasing available resources to promote mutual social service and social justice agendas. Community Gems signals the future of cooperative fundraising by community-based organizations.” - **State Representative Marie St. Fleur**
